BERG GranTour

Create an unforgettable experience!

BERG Toys has been active for many years in the leisure time market. Its sturdy products have more than proven themselves in the past years. With the dazzling design of the new family bicycle, the BERG GranTour offers additional pleasure for the entire family.

Families will always look back with a broad grin on the wonderful time that they had riding the BERG GranTour in your park. And they will not be the only ones smiling; for an entrepreneur, the BERG GranTour is also a very interesting idea. In addition to offering families a great time, it is a very attractive business deal for you.

With a relatively low investment, you become the owner of a BERG GranTour. Based on the average rental fees for this family bicycle, you will recoup your investment within a month! This is an opportunity that should not be passed up.

The BERG GranTour means:

- ✓ Profit
- ✓ Pleasure for the whole family
- ✓ Quality & safety
- ✓ Trendy design
- ✓ Environment friendly

The BERG GranTour has 17-inch light-weight aluminium rims, making it easy to mount the bike. The family bike pedals very lightly and that makes it easy for the entire family to cycle together. In addition, everyone joins in pedalling.

The BERG GranTour is also available with a sunroof in the same striking orange colour. When used with the BERG Wagon, it easily becomes a family bicycle for six people.

The BERG GranTour meets all safety standards. It also has a number of technical aspects that give an enjoyable riding experience. For example, you can stop using the pedals at any time while it is rolling in neutral. The family bike is very versatile because you can also ride it backwards. When you activate the brakes on the two back wheels, the BERG GranTour comes to a stop immediately and the chain guard safely protects the chain.

The BERG GranTour can be propped up on its rear end so that storing it need not take much space. As a result of high-quality materials, the BERG GranTour needs practically no maintenance.
